

FiNC Inc. Moves Into Expanded Headquarter Offices

FiNC Inc. (Based in Tokyo, Founder & CEO: Yuji Mizoguchi, hereafter “FiNC”) is moving into a larger office to accommodate the growing size of its workforce as well as an expanding business.

The new office is located in Yurakucho, part of the Chiyoda Ward, and is neighboring Marunouchi, the central business district surrounding Tokyo Station. The area is home to renowned and influential organizations both domestically and abroad. The location is ideal as a launchpad to further growth.

Making use of this relocation to promote the concept of the “Wellness Office”, FiNC has carefully designed the layout, facilities’ ergonomics and even controlling software to conform to a health and wellness-promoting ideal.

Going forward, FiNC will continue to develop the Wellness Office concept in collaboration with a growing partner network as an integral part of FiNC’s business.

Comment from Mitsubishi Estate

Mitsubishi Estate has promoted diversity and nurtured the creation of new demand by crafting spaces that allow for fluid exchanges and add value to the neighborhoods of the Marunouchi area (Otemachi, Marunouchi, Yurakucho). We expect that the addition of a young and vibrant startup next to traditional large companies will make the Marunouchi area, including Yurakucho, all the more alluring. We sincerely hope that this move to Yurakucho will bring new business opportunities.
